History

The Ermax Company, founded in 1978 and located in Marseille, is specialized in plastic thermoforming. Ermax is celebrating its 35 years.

Roger Sabater manufactured his first spare parts in a 50m² workshop. Since November 2002, the Ermax company occupies a 6 000 m² factory in Roquefort-La-Bédoule and employs 38 people.

2850 dealers sale ERMAX products in France and ERMAX distributes its accessories in more than 50 countries in Europe and around the world.

2 web sites have been created for motorcycles and scooters accessories which allow professionals to order directly online.

Since its creation, Ermax supports among the best teams and pilots. Its awards list grows rich by many victories and title of world champion in the most prestigious categories such as : MotoGP, Moto2, WSBK, Endurance racing and national championships.

The biggest motorcycles manufacturers have already worked with Ermax design and its design office to expand their accessories line.

Ermax continues to invest in order to maintain its leader position and to fulfill its customers' expectations.

Roger Sabater

This catalogue is not a contractual document, Ermax reserves the right to improve the quality of its output by changing the items offered and their price, without notice, if such amendments are necessary. The Ermax products are guaranteed for one year. They are designed for the original mounts and are not guaranteed if used in other conditions. Because of manufacturing tolerances of vehicles, beyond our control, some Ermax products may need adjusting to fit. The distance between the indicators on some under trays and plate holders, and tail lights with leds is not registered in France. We advise to fit additional indicators spaced at least 18 cm, and we remind to you that the French law imposes the presence of retro-reflector on the back of all the vehicles two wheels. The scooter manufacturers, brands and models, scooters pictures listed in the ERMAX catalogs are exclusively indicated like Ermax necessary references for users at the ERMAX accessories destination.
